November 18, 2009

To Whom It May Concern:

The City of Mayfield has been doing business with Thomas King, aka King Media Productions, since 2005. We would highly recommend them for any events needing sound, lighting, staging and more.

We have relied on their dedication to provide quality sound for such events as our ongoing Mayfield Music Fest, Glory Days (4<sup>th</sup> of July), Gourd Patch Festival, 9/11 Remembrance Ceremony, Winterfest, and our recent production of Kevin Skinner's first Hometown Concert after winning America's Got Talent 2009. They have worked with several artists that we bring to these festivals, and the musicians and singers always have good things to say about the professionalism of our events, and the quality of the sound that they work with when performing at our events.

Additionally, King Media Productions has provided us with promotional event materials that are of excellent quality and great prices. We have used them for posters, banners and other materials to get the word out about our City-sponsored events.

If you have any questions, we would be happy to provide additional information on King Media Productions. You may call me at any time at 270-251-6251, or email me at [tcantrell@cityofmayfield.org](mailto:tcantrell@cityofmayfield.org).

It is with great pleasure that I write this letter of recommendation for King Media Productions.

Sincerely,

Teresa Cantrell, Events Coordinator  
City of Mayfield, Kentucky
